Hristo Smirnenski Primary school, Rakovski, Bulgaria

🎉 A Festival of Science and Innovation at Our School! 🌍🔬

On May 9th, our school turned into a hub of creativity, science, and eco-solutions! As part of the competition "OPEN: Wide Minds will Find Eco Virtual STEAM Solutions towards Climate Change," students showcased their innovative STEAM projects aimed at tackling real environmental challenges within the school and the community. 🌱💡

This was more than a competition - it was a celebration of science, technology, engineering, arts, and mathematics in action! A total of 60 students participated, each team presenting a problem they identified and a solution they crafted with care and ingenuity.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Here are the top three winning teams:

1st Place: "Our School with a Green but Smart Roof"

Team Members: Valeria Sableva, Zhaclin Chonkova, Lora Petkova, and Radostina Boykina

Award: SMART watches

2nd Place: "Collect. Save. Plant. Our Little Revolution"

Team Members: Anita Nikolova, Anna-Maria Pavlova, Maria Yacheva, and Nikoleta Prodanska

Award: Wireless headphones

Every participant in the competition, regardless of their team's ranking, received a reusable water bottle and an eco-friendly textile bag – a small but meaningful token to encourage sustainable habits and celebrate their commitment to a greener future.

We are incredibly proud of all the students who participated – your enthusiasm and creative ideas prove that the future truly belongs to wide and open minds!

3rd Place: "Saving Nature – Small Actions with Big Impact"

Team Members: Viktoria Hristova, Lili Stoykova, Djinevra Yacheva, and Siyana Petkova

Award: Wireless speakers
